

Smokefree Rhode Island *Works for Us!*

Rachel Wills

Rachel's Pastanova, Providence

Rachel's Pastanova has been 100% smokefree since it opened nine years ago. "There's no place for smoke in my restaurant. I serve only what I would eat, in an atmosphere I would enjoy. And I do not enjoy smoke with dinner."

Robert I. Burke

Pot au Feu, Providence

"Pot au Feu cleared the air 15 years ago and people have been tasting the difference ever since...vive la difference!"

Joe Silvestri & George Panas, Jr.

Spumoni's Restaurant, Pawtucket

"It's been three years since Spumoni's went 100% smokefree. We've created a tremendous environment for a family to sit and enjoy a meal. The cleaner environment benefits both the customers and us."

On March 1st, 2005 Rhode Island becomes the seventh state in the nation to provide smokefree workplaces.

Whether you're a waitress, bartender, work in a factory or garage or just about anywhere, you'll be breathing easier.

Thank you to our legislators and partners for supporting smokefree workplaces!

For information on the new smokefree workplace law, call the Rhode Island Department of Health at 401-222-3293.
